Prevention and Restoration of Home Energy Service Loss

As a Result of Bill Payment Assistance

As a Result of Equipment Repair or Replacement

- In FY2024, LIHEAP benefits in Connecticut **prevented the loss of service 144,733 times**, by stopping threatened utility service disconnections and by delivering fuels to homes that were at risk of running out.
- In FY2024, LIHEAP benefits **restored home energy service 6,199 times** for households who had been disconnected by their utility provider or who had run out of fuel oil, propane, or wood. In addition, the program **restored home energy service 101 times by repairing or replacing inoperable heating or cooling equipment.**

* High burden recipient households represent 25% of all recipient households with 12 months of bill data, based on having the highest energy burden. Data are current as of May 31, 2025.
